

**Ainad Shriners** was founded in 1913 and consists of over 3,200 members across southern Illinois and is part of the larger Shriners International organization with over 200,000 members worldwide. Ainad's significant footprint within Illinois and its respective membership currently is the largest of the five Shrine Centers within Illinois and the fifth largest of more than 200 Shrine Centers world-wide. Annually, over 500 children from across Southern Illinois alone benefit from the state-of-the-art medical care provided at Shriners Children's at no cost to their families due to the efforts of our local membership who volunteer their time and resources to provide transportation and travel assistance for hundreds of patients on trips each year.

Our primary purpose is to raise awareness and support Shriners Children's healthcare system across the United States, Canada, Mexico and locally St. Louis.

# Partner Program

**Partnering with Ainad** provides you with an opportunity to assist in our mission to continue to serve Southern Illinois. It assists us to supplement the revenue derived from our other fundraisers to continue to meet the expenses required to support our programs, services and local operations. We in turn offer you the benefit of our reach across our entire jurisdiction and beyond.

**How does Ainad utilize Partner funds?** Our primary focus is to provide awareness to the local community and help raise funds for the Shriners' Healthcare System. However, we cannot utilize the funds we raise for the philanthropy for any of our operational purposes. Therefore, your assistance as a partner is critical to our ability to function across our jurisdiction. These funds are utilized to assist paying for our operational needs such as utilities, facility maintenance, administrative staff and to support Shriners throughout Southern Illinois.

**We want to thank you for reviewing our sponsor's information in consideration of becoming an Ainad Shriner's Partner. With this membership, you will be helping Shriners do what they do best.... Having Fun Helping kids!!**

**Thank you for your support!**
